Adapt to the Changing Landscape

AI and the new rules of marketing.

Google's AI-Powered Search

Google's AI Mode

A hand is pointing at a map on a wall. The map shows various locations and roads. A smartphone screen is overlaid on the map, displaying the text "Elegir puntos" and "MAPA". The background is a blurred office or workshop setting.

**“If you can’t
describe what you
are doing as a
process, you don’t
know what you
are doing.”**

- W. Edwards Deming

Four Steps to Marketing Wins

Digital Strategy

Translate & share what you do well.

The AI Marketing Revolution

Transition from a subject matter expert (SME) to a thought leader.

Thought Leader Evolution

Subject Matter Expert

Deep expertise in your field

Excellent at your job & work

Knowledge lives in your brain

Knowledge is shared internally

Waits for a sales call

Thought Leader

Expertise organized & published

Recognized authority in the space

Knowledge lives as digital content

Knowledge & expertise shared externally

Proactively educates & leads the market

Step One

The Translation of Value

- How is your company **different** and **better**?
- What **processes** give you an edge?
- How your **people** drive value.
- Your **values** and **mission** connect with customers.
- Understanding how you fit in your **customer's life story**?

AI to Translate Value and Get Heard

Know Your Audience

AI and Persona Development

- A fictional representation of your ideal customer.
- Use AI to build multiple personas and to find them.
- Write the content they want to read.
- Nurture them in your marketing and sales funnels.
- Understand their emotional state.

Strategic AI Objectives

- Use AI to get inside the mind of your customers.
- Use AI tools to better translate your key benefits and risks.
- Research AI insights to transition to a thought leader.
- Write thought leadership content plans with the AI as a guide.
- Use AI to improve the skills of your marketing and sales teams.

Strategic Communications

Producing Content of Value

Customer Intent is King

Step Two

What People Want

- To save **time** and **money** - **convenience!**
- To solve a **problem** and **enhance their lives**
- Easily search for **information** and **research**
- Product and service **information** and **pricing**
- How to **contact** your company or people

Step Two

How People Use Websites

- Get an instant **impression** of your company
- Start in the upper **left corner**
- Read **taglines** and **headers**
- Scan content, look at **photos**, especially people
- **Ignore ads**, clutter and marketing content
- Quickly move to **navigation menus**

Step Two

Essential Website Navigation

- **Product and Services**
- **About**
- **Resources**
- **Contact**

How to Write Meaningful Content

- How does content best match intent?
- Through the use of story in marketing.

Story Brand Marketing

Step Two

Step Two

Story Brand Summary

- Clarify Your Company Message
- The Customer is the Hero
- You are the Guide Motivating Change
- Your Company has a Plan and Call-to-Action
- Villains are Defeated with Your Help!
- The Story Ends in Emotional Success

Homepage Tagline

- Use concrete and direct words
- Focus on the benefit and the pain
- Make it part of your homepage design
- Fewer words is best
- Meet the 10-out-of-10 rule

Slogans and Taglines

- **Nike Slogan:** Just Do It
- **Nike Tagline:** Athletic shoes and apparel, no matter what your sport.
- **Apple Slogan:** Think Different
- **Apple Tagline:** The world's best computing devices, smart phones, laptops, tablets and desktop computers.

AI to Build Content Engagement

- AI for **interactive** and a **highly intuitive website**
- Smart **AI chatbots** on your company's website
- **AI avatars** or **agents** of top salespeople and thought leaders
- **Custom AI assistants and agents** for meetings, data & knowledge base

Inbound Marketing

Attract Qualified Prospects to Your Brand

Customers Research and Find You

Inbound Marketing

One Audience of Many

Infinite Audience of One

Step Three

Your Digital Marketing Channels

1. Website
2. Google Search and AI Mode
3. Social Media Engagement and Followers
4. Email Marketing and Automation
5. AI Search - ChatGPT, Perplexity and more...

AI has Changed the Funnel

Funnel Movement

1. AI, Google and Social Impressions
2. Website Visit or Social Media Engagement
3. AI Interaction - Chat, AI Agent or Video
4. Subscribing to Thought Leadership Emails
5. Webinars, Research, White Papers, Comparisons, eBooks, etc...
6. Email, Phone Call, Form Submission or Online Sale
7. Scheduled Call with Knowledge Expert

Get Found in AI Search

- Structured website for machine learning, vector data & cosign.
- Blogs, FAQs, comparison content and deep resources are critical.
- Advanced team bio pages on your website.
- Excellent product and services pages.
- Thorough and engaging “About Us” website section.
- Credible mentions and brand authority.

Search Foundations - E.E.A.T.

- **Experience**

Your actual experience in the space.

- **Expertise**

Your pillars of thought leadership in your industry.

- **Authority**

How you are positioned, mentioned & active in the industry.

- **Trustworthiness**

Content signals & interactions to build trust and confidence.

Top of Funnel Reporting

Global health and safety is our top priority. [Learn how HubSpot is responding](#) to COVID-19 and its economic impact on the communities we serve.

There's a better way to grow.

Marketing, sales, and service software that helps your business grow without compromise. Because "good for the business" should also mean "good for the customer."

Date range: From 1/1/2018 to 6/10/2019

● Count of Contacts

AI and Marketing Campaigns

AI search accelerates the need for marketing campaigns that work!

Why Marketing Campaigns Fail

- Weak or confusing gain and pain points.
- Too broad a target audience.
- Website landing pages do not match user intent.
- Did not give the campaign enough time to succeed.
- Budget was not set properly.

The G.A.I.N Model

The G.A.I.N. Model

G - Gain or Pain: the campaign theme.

A - Audience: the targeted personas.

I - Identify the Channel: where are they?

N - Needs and Wants: content and call-to-actions (CTA)

4

ROI & Conversions

The Most Important Step

Key Marketing Metrics

- Website Visitors - new and repeat
- AI and Google search results
- Impressions and channel sources
- Conversions and sales tracking
- Social media engagement
- Email marketing metrics

Step Four

Digital Marketing Budgets

- WordPress Content Websites: \$15,000 and up
- Digital Marketing Services: \$85 - \$250/hour

ROI Case Study

- Average Order: \$6,500 (lifetime value is higher)
- Website Design and Development Cost: \$39,000 (one time)
- Variable Monthly Digital Spend: \$6,500 labor and \$25K Campaigns
- Total Monthly Website Visitors: 3,000
- Conversion Rate to Inquiries: 8% (240 inquiries)
- Conversion Rate to a Sale: 6%
- 14 Sales per Month = \$91,000 Gross and \$60,500 Net

TAKE ACTION

Resources

Build a Marketing Team

- Marketing coordinator to get organized.
- Hire writers who can research and interview.
- Strategist who sees how it all works together.
- Technical SEO to get found in AI search and Google.
- Website, social and email support teams.

Awareness Drives Growth

Questions for the Marketing Team

- Who is visiting our website and what is their intent?
- What are the conversion rates and how do we measure ROI?
- Is our content benefit-focused or company focused?
- Are the digital marketing metrics improving?
- How do we improve our sales funnel to grow with AI search?

AI and Marketing

Where to start?

- Pay for **Claude** or **ChatGPT** - teams version for the organization.
- Intelligent **AI Chatbot** on your Website.
- Custom **AI Assistants** for your sales and marketing teams.
- **HeyGen** for video personalization and content delivery.
